

NMRS-JHARANA RANI SAMAL RESEARCH SCHOLAR AWARD-2024

Nominations are invited for the NMRS-Jharana Rani Samal Research Scholar Award for the year 2024. A student must be nominated for the above award by their research adviser, who should be a member of NMRS.

The awardee will be chosen based on the nominee's academic achievements. The nominee must be a registered PhD student of any Indian university or a research institute. The definition of the student is that he or she should NOT have submitted the thesis as of 31-10-2024.

All the publications by the student in the area of magnetic resonance and its applications, from the day he/she has registered as a student till October 31, 2024, will be considered. Publications not related to magnetic resonance and its applications will not be considered.

The published papers must reveal the research in magnetic resonance and mere utility of a couple of NMR spectra does not constitute this as research in magnetic resonance. The committee will take a judicious view on this. The papers should have full citations, such as journal name, year, volume, page numbers and impact factors of the journal. Any other formats, such as manuscript accepted, manuscript submitted, manuscript under preparation, manuscript under review, manuscript in press, etc. will not be considered. Also, reviews, chapters in books, general articles, etc. would not be considered for the award. The awardee will be chosen by a committee taking an integrated view of nominee's significant scientific contributions, mainly in the area of magnetic resonance and its applications. The decision of the committee will be final.

The award carries a certificate and a cash prize of Rs. 5000/- (Rupees five thousand only). The winner of the award will be announced in the month of January/February 2025. The awardee will be invited to make an oral presentation of the work in the forthcoming NMRS symposium that is to be held at Pune in June 2025, along with APNMR conference.

Please send your complete CV, proof of date of registration for PhD, list of publications with their impact factors, copies of published papers, and an endorsement from the nominee's research supervisor that the student has not submitted the thesis till the date of filing the nomination, and other supporting documents as a single zip file to:

President of NMRS, Prof. N. R. Jagannathan at: jagan1954@hotmail.com

Nominations are accepted until 17:00 hrs of 23/12/2024
