NMRS - Young Scientist - Jharana Rani Samal Award-2025

Nominations are invited for the NMRS - Young Scientist - Jharana Rani Samal Awards for the year 2025. **A student must be nominated for the above award** by their research advisor, who should be a member of NMRS. The awardee will be chosen based on the nominee's academic achievements. The nominee must be a registered PhD student of any Indian University or a Research Institute. **The definition of the student is that he or she should NOT have submitted the thesis as of 31-12-2025.**

All the publications by the student in the area of magnetic resonance (MR) and its applications, **from the day he/she is registered as a student till December 31, 2025**, will be considered. Publications not related to magnetic resonance and its applications will not be considered.

The published papers must reveal the research in magnetic resonance (MR) and mere utility of a couple of NMR spectra does not constitute this as research in magnetic resonance. The committee will take a judicious view on this. The papers should have full citations, such as journal name, year, volume, page numbers and impact factors of the journal. Any other formats, such as, manuscript accepted, manuscript submitted, manuscript under preparation, manuscript under review, manuscript in press, etc. will not be considered. Also, reviews, chapters in books, general articles etc., would not be considered for evaluation of the award. The awardee will be chosen by a committee taking an integrated view of nominees' significant scientific contributions mainly in the area of magnetic resonance and its applications. The decision of the committee will be final.

There will be TWO (2) awards that carries a cash prize of INR. 5000/- (Five thousand only – for each awardee) and a Certificate. The winners will be announced during 3rd/4th week of May 2026. The awardees will be invited to make an oral presentation of their work in the forthcoming NMRS conference that is to be held at IISER, Bhopal during July 2026 and the awardee should take care of his/her travel. Please contact the organizer, Prof. Bharathwaj Sathyamoorthy of IISER, Bhopal for further information.

Please send your complete CV, proof of date of registration for Ph.D., list of publications with their impact factors, copies of the published papers, and an endorsement from the nominees' research supervisor that the student has not submitted the thesis till the date of filing the nomination, and other supporting documents as a single zip file to:

**nmrs.nrc@iisc.ac.in and a copy to the President at: jagan1954@hotmail.com,
nrjg@yahoo.co.in**

Nominations are accepted until 17:00 hrs of 30-04-2026.
